

Ulster-Scots Covid-19 Resilience Fund

List of Grant Awards

The Ulster-Scots Agency delivered the Ulster-Scots Covid-19 Resilience Fund in Northern Ireland in collaboration with the Department for Communities. There were three categories of grant within the fund:

- (i) Small Grants of up to £3k made available to Ulster-Scots groups to support running costs and Covid-19 safety. Groups could apply for up to £1k towards running costs, with the balance going on Covid-19 safety.
- (ii) Language Grants of up to £10k made available to help groups with a track record working on the Ulster-Scots language to produce materials for online distribution.
- (iii) Larger Group Grants of up to £30k made available to larger groups with a strong track record of Ulster-Scots activity, which could show that they had lost earned income as a result of Covid-19.

Details of the grants awarded through the fund are set out below.

Applicant Group Name	Amount Awarded
